Neosho Police Department

David McCracken Chief of Police

Thank you for your support!

2011 Report

I present for your review the 2011report of activity of the Neosho Police Department. This report is our yearly effort to provide you with an overview of the department's activities.

If you would like any additional information about the operation of our department, or Neosho's crime rate and trends, I would be happy to provide such information.

The Police Department has seen its staff reduced by 50% and continued to experience the same calls for service and work load. This last year we have been able to hire back a few Officers from the layoff. This has enabled us to have the ability to increase our shift staffing to four Officers including the supervisor most of the time once the final training of the new hire Officers is complete.

A hard blow to the department is the fact that in the last year we have lost 50% of our Sergeant Shift Commanders. We currently have two out four Sergeants who have one year or less of experience as a supervisor. I continue to learn of other members of the Department who are applying for other positions in the area.

We have gone from a pro-active to a reactive department who has adjusted our methods of operation as well as our work schedule to maintain the proper service to our citizen.

Our goal was and continues to be to provide a feeling of safety and security for all our citizens and provide the best service possible within the limits of our resources.

A Brief History

When I was appointed Police Chief in **1994** the department was staffed with 18 police officers and two and one half clerks. Today we find our department is back to the same level of staffing for Police Officers but we still have only one clerk. The population has increased and the calls for service continue to increase each year. We have increase the number of cases an officer handles per month from 85.7 to 142.1

To illustrate this, according to the uniform crime reporting standards, the national average for the Midwest is 3.0 officers per thousand population.
Prior to 2010 we were staffed at 2.3 officers per thousand after the layoffs we found ourselves at 1.06 per one thousand was fifty-four percent reduction in law enforcement officers for our community. Since that time we have added three Officers to the staff providing some improvement.

The Department is now managed by a Chief of Police and four Sergeants who serve as first line supervisors on the four twelve hour shifts staffed by three patrol officers. This is assuming we have no one on vacation, sick, training or off for other reasons. Before we had staffed the patrol shifts with a minimum of four officers on each shift.

In addition we had two Detectives working investigations resulting from our crime reports and drug cases. We now have no Detectives and all investigations are done by the Officers working the streets.

Some of the changes we have done to cope with reduced staff

1. Discontinued the investigate Non injury accidents (per State Law)
2. Discontinued the investigation of Private Property Accidents
3. Close records store front half days
4. Discontinued criminal investigations unit
5. Assign most major investigations to Newton County Detectives
6. Eliminate follow up investigations of non felony crimes
7. Institute a self reporting procedure for certain calls
8. Limit extradition on warrants to Jasper & Newton County
9. Eliminate Animal Control response other than safety issues
10. Discontinued career path training for our Officers
11. Discontinued some record services
12. Discontinued Special Response team
13. Discontinued long term drug investigations

Required elements:

- Provide the most basic of police protection services as required by law
- Respond to all calls for assistance from the community as rapidly as possible and providing the best service possible.
- Maintain proficiency in providing services such as criminal investigation, report writing, and maintaining order.
- **Understanding failure to reduce services will cause officers to be unable to perform these basic elements.**

Some result and effects of reduced staffing

To measure the effects is not as simple as adding up the numbers.
In many ways, 2010 was going to be ground breaking in reducing crime in Neosho. We were on pace to have the lowest overall crime since the department began reporting in 1994 to the city leadership.

Since improving working conditions, number of police personnel, and training, the department has held a steady downward decline in crime. Since 2000, the department has not had back to back years of increase in criminal activity.

While the overall averages on our totals are only slightly higher than last year, it should be noted that previous we were significantly lower in all major categories.

We have seen a change in the type and frequency of crime with property crimes becoming a big concern at this time. I believe this is directly due to our inability to patrol the streets and provide a presence in the residential areas as we did before.

Summary

The Police department has made the commitment that we would continue to provide the same quality service as we did with a full staff. While we may not be able to do the quantity of work the quality will be the very best possible.

Our commitment was and still is – preserve, promote, and provide a feeling of security and safety for all members of our community. This can only be done by providing the basic services in a professional matter. We have established our priorities so that we are able to respond to calls and provide a good response time based on the nature of the call. While the response times are no doubt longer overall we still maintain good response times to those types of calls requiring immediate attention.

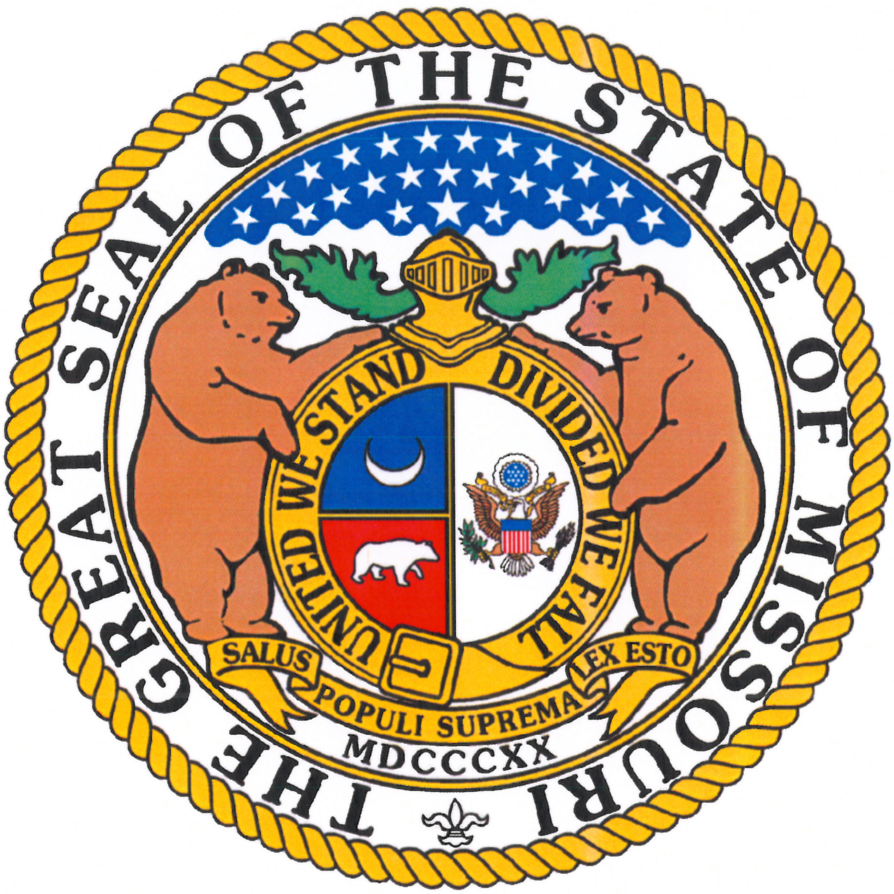
2010 Racial Profile Report
City Of Neosho - Police



Missouri Attorney General
Chris Koster

RACIAL PROFILING DATA/2010

Agency: Neosho Police Dept.

Population: 8,921
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	2060	1832	32	137	56	2	1
Searches	106	79	4	14	9	0	0
Arrests	112	82	3	16	11	0	0
Statewide population %	N/A	83.36	10.73	2.58	1.54	0.51	1.27
Local population %	N/A	85.60	1.82	5.57	3.43	1.54	2.05
Disparity index	N/A	1.04	0.86	1.19	0.79	0.06	0.02
Search rate	5.15	4.31	12.50	10.22	16.07	0.00	0.00
Contraband hit rate	30.19	35.44	25.00	14.29	11.11	#Error	#Error
Arrest rate	5.44	4.48	9.38	11.68	19.64	0.00	0.00

Notes: Population figures are 2010 Census estimates for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

VEHICLE STOP STATS		Total	White	Black	Hispanic	Asian	Am. Indian	Other
Reason for stop	Moving	1218	1068	16	96	37	1	0
