9. NARRATIVE / STATEMENTS (If additional room is necessary, use Section 11 - Narrative / Statements Continuation)

On this date I responded to Us Hwy 60 at Business Loop 49 in reference to a two vehicle accident. Upon my arrival both drivers denied medical treatment on scene and both were alert and conscious.

Driver one indicated she was traveling south on Business Loop 49 and was making a right turn onto Us Hwy 60 when everything went black as if she had passed out. Driver one said she then collided with the rear-end of vehicle two that was yielding to westbound traffic on Us Hwy 60. Driver one said she was going to be transported to the hospital by a family member.

I then spoke with Driver two who stated he was traveling south on Business Loop 49 and was making a right turn onto us Hwy 60. Driver two said he was slowing and had to make a complete stop to yield the right-of-way to westbound traffic on Us Hwy 60. Driver two said when his vehicle came to a complete stop, he was rear-ended by Vehicle one.

I determined Vehicle one was traveling too closely and did not have adequate reactionary time to stop before colliding into the rear bumper of Vehicle two. No skid marks were located at the scene and no measurements were obtained, due to both vehicles being moved prior to my arrival.

The roadway at this location appeared to be free of all obstructions, such as lose gravels and liquids.

Nothing further.
