MAIN NARRATIVE

On 11-06-2014 at approximately 1816 hours I responded to the area of Highway 60 and Howard Bush Drive, in reference t a traffic crash. A traffic crash report was taken.

I arrived on scene and immediately saw there were two vehicles on the east bound shoulder of Highway 60, both vehicles had significant damage. I went up to the scene and saw that medical personnel were treating the driver of one of the vehicles, he was identified by his Missouri driver's license as, Jackie Anderson. I was able to speak with Mr. Anderson for a few minutes before he was transported to Freeman West in Joplin, Mo. I asked Mr. Anderson what happened, he stated he could not remember much but one thing he remembered was that he was traveling east on Highway 60 when a vehicle somehow hit him head on. Mr. Anderson could not give me much more information than that; he was then transported to the hospital. Mr. Anderson's vehicle was transported by Poore's towing company due to disabling damage.

I spoke with another subject on scene identified as Michael Carey by his Missouri identification. Mr. Carey explained that he was traveling west on Highway 60 approaching Howard Bush Drive, Mr. Carey was driving a semi truck with no units attached. He said the traffic light had just turned red and vehicles in front of him were beginning to come to a stop. Mr. Carey stated as he was slowing down he felt something hit the back of his truck. Mr. Carey said he was not sure what it was until he saw a black passenger car veer over into the east bound traffic lane. Mr. Carey went onto say that all he remembered was seeing the vehicle go into oncoming traffic and strike Mr. Andersons truck head on. I and Mr. Carey looked at the back of his truck and it appeared the black passenger car must have struck one of his tires because there was no damage to the truck. Mr. Carey refused medical treatment and he and his vehicle were released from the scene.

I made contact with the driver of the black passenger car; the car was a Ford Mustang. The drivers name was Michael Lacy he was identified by his Missouri driver's license. I asked Mr. Lacy what happened, he told me he was traveling west on Highway 60 when he noticed there was something rolling around in the floor board under his feet. Mr. Lacy said he started to look in the floor board to see what it was so he could move it out of the way; Mr. Lacy said he could not find what the item was. He explained as he looked back up at the road he saw there was a semi truck coming to stop in front of him. Mr. Lacy said he tried avoid hitting the truck but was unable to and struck the back of the semi truck. Mr. Lacy went onto say after he hit the truck he shot over into the east bound traffic lane and hit another vehicle head on. Mr. Lacy refused medical attention on scene and I gave him a ride to Wal-Mart to wait for a ride. Mr. Lacy's vehicle was transported by Ron's towing due to disabling damage.

I also spoke to a witness on scene she was identified by her Missouri driver's license as Julie Vadine. Ms. Vadine stated she was traveling west on Highway 60, she said she was the second vehicle behind Mr. Anderson. She went onto say that she saw a passenger car come into her lane and struck the truck head on. She said she was not sure why the passenger car shot into their lane either she could not see that far up.

There was another witness that left a business card with fire personnel because he had to leave; I contacted him later in the shift to get his statement. I spoke with Brian Atnip; he stated he was right behind the truck that got hit head on. He explained that a black passenger car for some reason shot over into their lane and hit the truck head on. He said he could not really see what caused the car to come into their lane.

I have no further.
