MAIN NARRATIVE

On Monday, November 10, 2014 at approximately 1010 hours, Officer Buckner and I reported to the intersection of South Neosho Boulevard and West South Street for an accident involving two vehicles. Vehicle 2, driven by Christina Brannon was still on scene, blocking the west lane of north bound Neosho Boulevard. It appeared this vehicle had been struck on the driver side and also struck a traffic signal support.

Vehicle 1, later identified as being driven by Lewis Heater, left the scene heading east bound on West South Street. The reporting party was following vehicle 1 and relaying directions to dispatch. Officer Miller made contact with vehicle 2 at a residence in the 300 block of John Place (see Officer Miller's supplement for further information).

I made contact with Ms. Brannon. She said she was driving north bound on South Neosho Boulevard, approaching the intersection of West South Street. She said she noticed Vehicle 1 sitting in the inner south bound lane of South Neosho Boulevard, with no turn signal on. Ms. Brannon said she had a green light and was traveling 45 mile per hour. She said she began to go through the intersection; Vehicle 1 turned east bound on West South Street quickly and struck her vehicle in the driver door. Ms. Brannon said she attempted to stop her vehicle, but she skidded into the traffic light support in the north east corner of the intersection. Ms. Brannon said she noticed the driver of Vehicle 1 stop his car and get out and look at the damage. She said he looked over in her direction, then got in his car and took off east bound on West South Street. Ms. Brannon said she was not injured in the crash and did not need medical attention.

I spoke to a witness, later identified as Frances Carney, who told me the same story as Ms. Brannon. Ms. Carney said she was sitting in the parking lot of Westco when the crash occurred. She said Vehicle 1 did not have a turn signal on and was not sitting in the turn lane. Ms. Carney said the driver of vehicle 1 suddenly turned east bound onto West South Street and struck vehicle 2 in the driver door, forcing her into the signal light support. Ms. Carney said the driver of vehicle 1 stopped and got out to look at the damage, then sped off east bound on South Street.

The bottom of the driver side front door on vehicle 2 was caved in from where vehicle 1 struck it. The front right quarter panel, headlight, wheel, and portion of the hood were destroyed from striking the traffic signal support. The car was towed by Ron's Towing.

The traffic signal support had been damaged and had large chunks of concrete falling off. I contacted MODot about the damage.

SUPPLEMENTAL NARRATIVE - DRIVER 1/ WITNESS STATEMENTS **OFFICER:** JLM **11/10/2014**

On 11-10-2014, Officers responded to the intersection of Neosho Boulevard and South Street in reference to a traffic accident. Prior to Officers arrival, Central Dispatch told us the blue Toyota vehicle with Missouri registration #FF8X6Z, that was involved had left the scene and was traveling East on South Street. They said a witness to the accident was following the vehicle.

I notified other Officers that I would be in route to try and make contact with the vehicle that left the scene. Central Dispatch told me the vehicle had turned onto Cash Street and then turned onto John Place and parked. I immediately went to John Place and located a blue Toyota vehicle with Missouri registration FF8X6Z with front end damage parked in front of 300 John Place. I noticed the witness sitting in his pickup truck and I remain on scene until I could collect his information.

I approached the vehicle and observed an elderly male and female sitting in the vehicle. They asked why I was there, so I asked them if they had been involved in an accident. The female passenger was identified as Marilyn Heater and the driver was identified as Lewis Heater. Ms. Heater said they were involved in an accident but they did not see where the other vehicle went. She said they parked next to Westco and checked their vehicle and only saw minor damage. She said they decided that since nobody had come forward, they decided to leave.

I asked Ms. Heater if they had called 911 for the accident and she said they did not because they did not know the other vehicle's registration number or where it went. I explained to her the vehicle they collided with was still in the intersection and had slid against a pole. Ms. Heater said the vehicle could not be there because they did not see it.

I spoke to Mr. Heater and asked him how the accident happened. Mr. Heater said he was traveling South on Neosho Boulevard and was turning East onto South Street. He said he turned on his turning signal and had a green light so he made the turn. He said a vehicle ran the stop light and struck him in the front end. He said he pulled off the roadway and did not see the other vehicle. He said he did not know where the vehicle went so he decided to drive home.

I made contact with the witness and identified him by his Missouri Driver's license as Derek Green. Mr. Green said although he did not witness the accident itself. He said he did see the blue Sport Utility after the collision come to a rest against a pole. He said he went to check on the people inside the vehicle and watched the other vehicle pull off the roadway into Westco and get out of the vehicle. He said after he checked on the people in the sport utility he noticed the blue Toyota passenger car was driving away on South Street. He said he followed them until an Officer could arrive. Mr. Green said the car I made contact with was involved in the accident.
