9. NARRATIVE / STATEMENTS (If additional room is necessary, use Section 11 - Narrative / Statements Continuation)

On 12-01-2014 around or about 18:39hrs I responded to a two vehicle motor vehicle accident on US Hwy 60 just west of Lusk Dr. Upon my arrival I observed Vehicle 1 disabled with front-end damage and blocking the westbound lane of traffic.

I made contact with both drivers and checked them for injuries. Both Driver 1 and Driver 2 declined medical treatment. A non-preference wrecker was requested to the scene to remove Vehicle 1 from the roadway to restore traffic flow.

I then spoke with Driver 1 who said he was traveling west on US Hwy 60 and had looked down at the floorboard of his car to recover a cell phone and when he glanced back at the roadway, Vehicle 2 was stopped in the roadway. Driver 1 said he did not have time to stop and rear-ended Vehicle 2.

I then spoke with Driver 2 who said he was traveling west on US hwy 60 when he observed deer attempting to cross the roadway from his right passenger side. Driver 2 said he had to come to a complete stop to prevent hitting the deer that was crossing the roadway. Driver 2 said just as he made a complete stop, he was rear-ended. Driver 2 said he coasted his vehicle to the side of the shoulder to clear the westbound lane.

Based on Driver 1's statement and evidence at the scene, it is apparent that Driver 1 failed to provide sufficient following distance between his vehicle and Vehicle 2 which resulted in the contributing circumstances of this accident. It further appears that Driver 1 never had time or the distance to apply his brakes prior to impact.

Both vehicles were towed from the scene due to the extensive damage.

Nothing further.
