## NARRATIVE / STATEMENTS CONTINUATION / SUPPLEMENT

**MAIN NARRATIVE**

On Thursday, January 22, 2015 at approximately 1510 hours, I responded to the intersection of West Harmony Street and Fairground Road in reference to a traffic accident. I arrived on scene to find one vehicle, later identified as vehicle 1, sitting sideways partially blocking the roadway, approximately 200 feet west of the intersection of Harmony Street and Fairground Road. The other vehicle, later identified as vehicle 2, had pulled up the road and off to the side.

I made contact with the driver of vehicle 1, Brianna Green. Ms. Green said she was pulling out of the parking lot approximately 200 feet east of Fairground road. She said she looked both directions multiple times and did not see any cars coming, so she pulled out to turn east onto West Harmony Street. She said she saw vehicle 2 at the very last second and hit her brakes but was not able to stop and struck vehicle 2 in the rear passenger side tire. Ms. Green said she attempted to move her vehicle out of the roadway, but it would not start. Ms. Green said she did not have any injuries and did not need medical treatment.

I made contact with the driver of vehicle 2, Ricky Lee. Mr. Lee said he was travelling west bound on West Harmony Street when vehicle 1 pulled out from the parking lot just east of Fairground Road. He said he swerved to the left to avoid being hit by vehicle 2, but was struck in the rear passenger tire. Mr. Green said he was not injured and did not need medical treatment.

I spoke to a witness on scene later identified as Jeremy Boykin. Mr. Boykin said he was inside Dollar General at the time of the accident. He said he saw vehicle 2 pulling out of the Dollar General parking, turning west onto West Harmony Street. Mr. Boykin said vehicle 2 hopped the curb before squealing its tires and taking off west. He said vehicle 2 was then struck by vehicle 1 in the rear passenger tire. Mr. Boykin said he came outside right after he saw the accident to make sure everyone was ok.

After my investigation I have determined that the witness statement could not have been what happened. I located 2 sets of skid marks that were very close together, indicating they came from a dually truck, which is what vehicle 2 was. These skid marks were further east than the exit from Dollar General and could not have been made from a vehicle turning out of that exit. I was able to locate debris that appeared to come from vehicle 1 at the spot where I determined as point of impact. This spot was also further east than the exit from Dollar General and could not have been from striking a vehicle pulling out of that exit. From my investigation, I believe vehicle 2 was travelling west on West Harmony Street when vehicle 1 pulled out and struck it in the rear passenger tire.

Vehicle 1 sustained significant front end damage and would not start. It was towed from the scene and will be stored by Poore's Salvage. Vehicle 2 had a large piece of plastic wedged in the rear passenger side tire and was causing it to lose significant amounts of air. It was towed from the scene and stored by Ron's Towing. Neither driver had any apparent injuries and did not need medical treatment.

I have nothing further at this time.
