9. NARRATIVE / STATEMENTS (If additional room is necessary, use Section 11 - Narrative / Statements Continuation)

On 09-01-2015 I responded to the area of Mo Hwy 86 and the Southbound Exit Ramp at Interstate -49 in reference to a two vehicle traffic crash. Upon my arrival, both west bound lanes were blocked with two vehicles.

I contacted driver one who was still inside his vehicle and checked him for injuries. Driver one indicated he was injured, however he declined medical treatment at the scene. Driver two was contacted who also reported a minor injury and also declined medical treatment on scene.

I spoke with Driver one who reported that he had just exited I-49 and had stopped at the sign. Driver one said he looked both directions and proceeded to make a left turn onto Mo Hwy 86. Driver one said when he pulled out, it was in front of the westbound truck. Driver one said the truck collided with his vehicle just behind the driver's door. Driver one requested a non-preference tow company to remove his totaled vehicle.

I then spoke with Driver two who said he was traveling 58 MPH going west on Mo Hwy 86, when the tan car pulled out from the exit ramp in front of his vehicle. Driver two said he hit his brakes as hard as he could and his vehicle started skidding before he collided with vehicle one.

Driver two reported seeing vehicle one stopped at the stop sign on the exit ramp, and then pulled out into his path of travel. Driver two said he was on the inside (Number 01) lane when he collided with vehicle one. Driver two requested Dickson Towing to remove his totaled vehicle.

Nothing further.
