9. NARRATIVE / STATEMENTS (If additional room is necessary, use Section 11 - Narrative / Statements Continuation)

On 10-13-215 at approximately 1438 hours, Officers were dispatched to the intersection of Highway 60 and Highway 59 for a report of a traffic crash with injuries.

Upon my arrival I made contact with Dawnett Arehart, the driver of vehicle two (V2). Ms. Arehart said she was stopped in the left turn lane facing east at the light at the intersection when she was struck from behind by Vehicle one (V1). She stated her neck and back hurt. She said V1 struck her at a high rate of speed. She told me she wasn't sure if the driver of V1 slowed down before striking her. I asked her if she needed to be transported to the hospital and she said yes. I informed the medical personnel on scene from the Newton County Ambulance and they transported Ms. Arehart to Freeman Neosho for medical assistance.

I spoke with the driver of V1, identified by her Missouri Driver's License as Wilma Ellis. Ms. Ellis said she was driving east on Highway 60 and did not realize in time that the vehicle in front of her was stopped at the light. I asked her how fast she was going when she struck the vehicle in front of her. She said she wasn't sure but wasn't going very fast. I asked her if she was injured and she stated she was not. She had a dog with her in the vehicle. I asked her if the dog was hurt. She said it was not. She told me she wasn't going fast enough for the dog to fall off of the seat.

I observed the damage to V2. The only notable marking on the bumper was from the screws on V1 which were used to mount the front license plate to the vehicle. I did not see any damage to V1.

Based on the evidence at the scene and information given to me by drivers of both vehicles, I concluded at the end of my investigation, that the driver of V1, Ms. Ellis was following too closely. This led to her being too close to be able to stop in time to prevent striking V2.

During the investigation I noticed V2 did not have the proper license plate on it. V2 was a Hyundai Elantra, however, the license plate checked to a 2006 Ford Mustang. Due to Ms. Arehart being transported to the Hospital, I was not able to collect the proper information. I called Ms. Arehart's insurance company and asked if they could provide the Vehicle Identification Number (VIN) to the vehicle. They informed me they were not able to provide that information, however, they were able to tell me the vehicle was insured.

I was able to make contact with Ms. Arehart and she provided the VIN for V2.

I have nothing further to add at this time.
