2. Golf Cart	4. Forklift		7. Other (Explain)

9. NARRATIVE / STATEMENTS (If additional room is necessary, use Section 11 - Narrative / Statements Continuation)

On 10-26-2015 around 08:49 hours, I was dispatched to the intersection of Highway 60 and Adams Street in reference to a non injury traffic crash.

Upon my arrival to the scene, I observed a Chevrolet Cruze, vehicle two (V2) and a Chevrolet Malibu, vehicle one (V1) parked on the shoulder of Highway 60. There were two females standing next to the vehicles identified as Mallory Powell, the driver of V1 and Whitney Wise, the driver of V2. I did not observe any of the traffic signals working at the time of my arrival. I asked both drivers if they were injured and they informed me they were not injured.

I spoke with Ms. Wise; she stated she was traveling East on Highway 60 coming up on Adams Road. She said the intersection lights were not flashing or on at the time, but when she got to the intersection the lights flashed red and stayed on. She said she slammed on her brakes because she did not want to drive through a red light and was struck in the rear end by V1.

I spoke with Ms. Powell; she stated she was following V2 on Highway 60 getting ready to cross Adams Road. She said at the time none of the intersection lights were flashing or on and when they got to the intersection it turned red. She said V2 locked up her brakes and she tried to stop by applying heavily on her brakes but struck V2 in the rear end.

I checked across Highway 60 and observed two males working at the intersection electrical box. I identified the males as Kenny Wetherford and Bruce Fuller from the Ewing Signal Construction LLC, phone #417-724-9405. Mr. Wetherford said the power to the intersection was shut off and they turned it back on so they could set up the intersection lights. He said when they turned on the power it may have flashed red for a second. He said they did not witness any of the crash but they did hear them collide.

Based on my investigation V2 was following to close to V1, but the crash would not have occurred if the Ewing Signal Construction LLC employees had not activated the traffic signal.

Nothing further.
